Sample

14.00 mm

25 mm

Item: BTCUP FCC label

Material: black sticker

Color: 1 Color Printing (white)

Size: See diagrams above

Position: Bottom part of prodcut

Serial #:   YWWV000001
                     Y = Year. "5" means year 2005.
                     WW = Weeks. There are total 52 weeks in a year.
                     V = IC/Firmware version, for all first shipments, the value is "1".
                     000001 = serial numbers.

                     Example:
                     If the product is made and packaged on January 10th, 2005, the serial
                     number will starts with:
                     Year = 5, Week = 02, Version = 1 (verify with engineers for correct version).
                     S/N: 5021000001.

macally   Model no.: BTCUP
S/N: YWWV000001
Tested to Comply With FCC Standards
Made in China
Input 12~24V
FC   CE
FCC ID: TQN08FTC0IB
